# Make your move with Gascoigne Halman

---

**When I opened the first Gascoigne Halman office in Wilmslow in 1990 I had a very simple aim which was to provide an exceptional level of service to buyers and sellers in all aspects of house transfer.**

During those years the business has changed dramatically with many technological advances (the internet being just one of them) but that mission remains unchanged, and is now more important than ever.

The support we have received from our clients has enabled us to prosper and expand our network to 23 locations covering Cheshire, South Manchester and the High Peak. Each one of our branches strives to ensure we provide the very best of customer service on which our reputation relies.

I was honoured to receive a Lifetime Achievement Award at the recent **Best Estate Agent Guide Awards 2025**. I continue to be fascinated by the world of property and am delighted to see my enthusiasm resonate throughout the business. Many of my colleagues have been with me since the inception of the business and I am proud that they, alongside newer team members, continue to embrace and exemplify Gascoigne Halman's core values, including outstanding client care.

As you embark upon your move I'm sure your experience, like many before you, will have trials and tribulations. Our role is to be with you every step of the way to assist and help you navigate around those tricky aspects of your sale or letting.

We are delighted to have the opportunity to work with you and we will do our best to ensure that it's a successful experience, and one that will encourage you come back to us in the future for any of your property needs.

## Digitally dynamic

With online marketing, we use all the tools at our disposal. When it comes to social media, we're fully immersed in the connected world. We promote our clients' properties on sites such as Instagram, Facebook, and Twitter. This includes videos and other engaging content that will help to sell your property.

We advertise our properties extensively in regional lifestyle magazines, and on national property portals such as Rightmove, Zoopla and Prime Location ensuring a fast reaction.

So wherever your potential buyers are, we're already there as well.

# Local coverage, local knowledge

---

**Many property sales are made locally, so face-to-face contact is also a very important part of our dual approach. We love matching people to property, developing relationships and making things happen. Our extensive network of offices, covering Cheshire, South Manchester and the High Peak reaches a huge number of potential purchasers.**

All of our branches are staffed by people who understand your needs and who know the local area well. They are highly dedicated and undergo training and development on a regular basis. \*Customer satisfaction results Jan - Dec 2024 Sales offices

So with our local branch network and an extensive digital presence, we're in the best possible position to sell your property.

# Hints and tips

---

At Gascoigne Halman, we'll pull out all the stops to help you sell your property. However, there are some actions that you can take that will help to make your home more attractive to prospective buyers. Here are just a few ideas:

## 1. Enhance the aesthetics

Make up the beds: use neutral bedding and accessorise them with cushions so that it all looks inviting to viewers. Make sure natural light is filling up the property. Flowers and plants can brighten up an area of the house and they also smell fantastic. The smell of a house is an instant factor that affects viewers. Lighting candles will clear any odours. Recently made coffee or freshly baked bread can also give an enticing aroma!

## 2. Keep up the maintenance

A well maintained house instantly gives you the impression it's well cared for. To assist this, ensure all lightbulbs are working, oil any squeaky doors and fix dripping taps – this will all help to avoid any unwanted distractions.

## 3. Declutter but don't depersonalise

Keep your home clean and tidy. One of the first things people will notice when entering your home is its cleanliness. People are often buying into a lifestyle as much as a property. Show them the attractive side of your lifestyle.

## 4. Give a fresh coat of paint

Giving your walls a fresh coat paint will make your home seem lighter and bigger. It will enable viewers to imagine more easily how they could adapt the rooms to their needs.

## 5. Make sure first impressions count

In a survey conducted by YouGov, 2,000 UK adults revealed that the most important features for 'kerb appeal' are well-maintained windows and a roof that appears to be in good condition. An attractive front garden, pathways and fences and a well-painted frontage are also important.

I have purchased and sold properties in many countries and have never had such excellent service and support as provided by Lesley at the Alderley Edge office. The sale was a long, drawn-out affair, over fourteen months. During this time, Lesley was efficient, knowledgeable, helpful and quick to resolve issues.

## Community

---

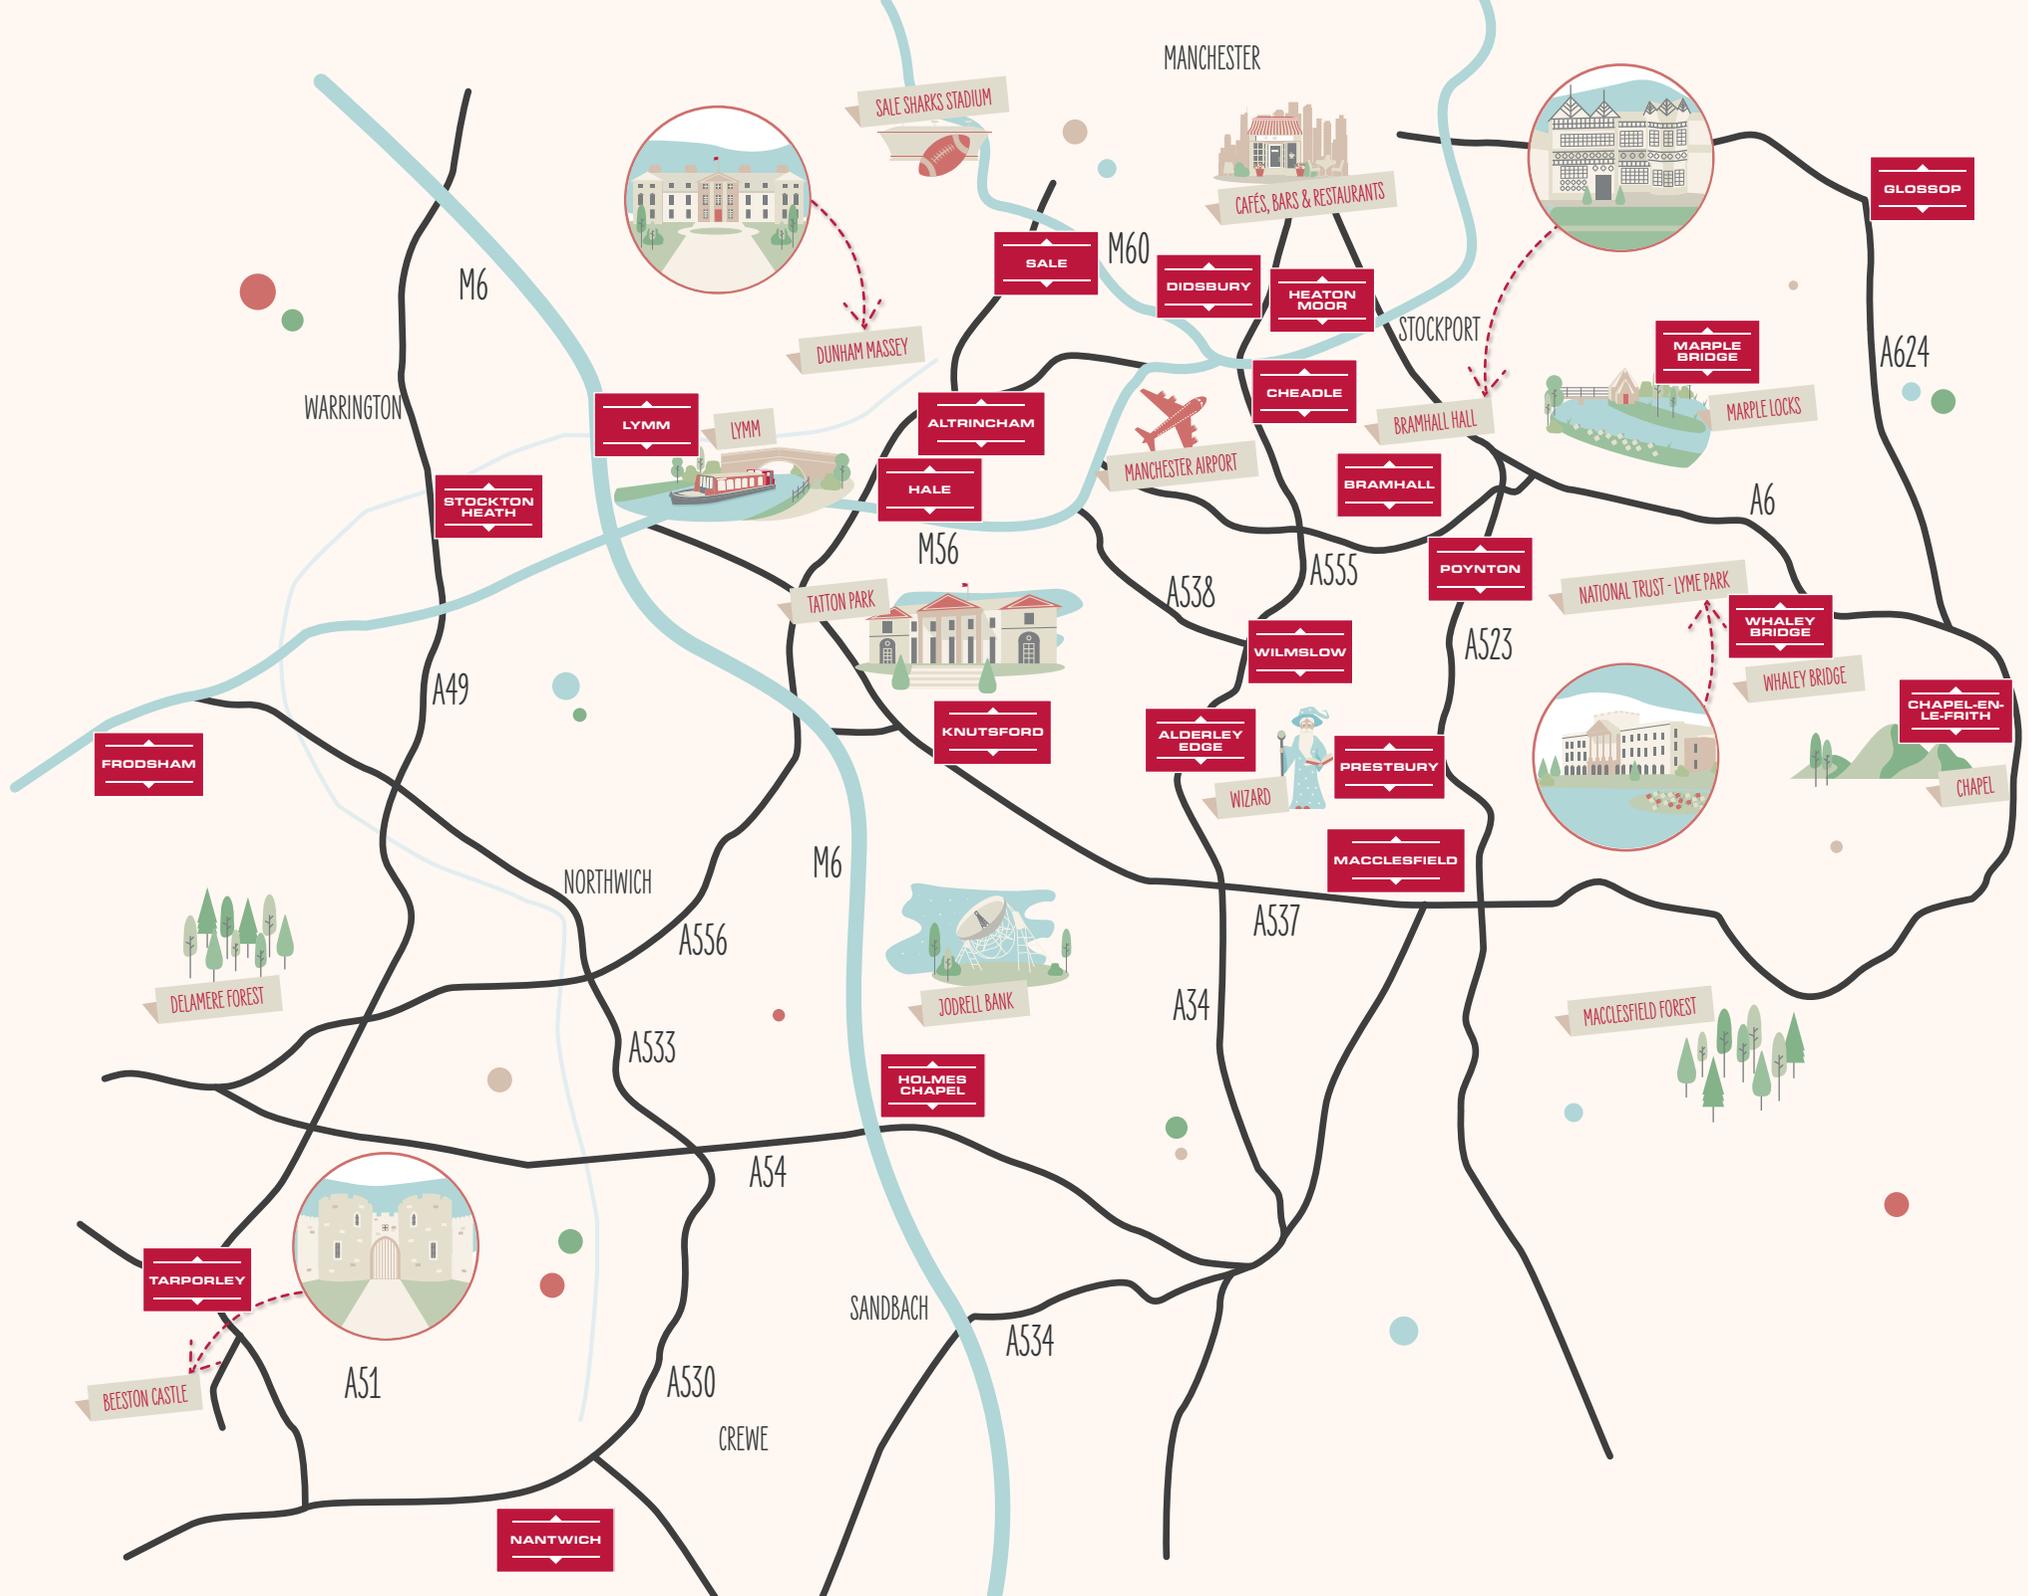

**As a local company, we are committed to giving something back to the community we serve. We see this as part of our social responsibility to the communities in which we work. The charities we've supported include East Cheshire Hospice, The Christie, Royal Manchester Children's Hospital Charity, Breast Cancer Care and David Lewis, to name but a few.**

Perhaps one of our most memorable fundraisers has been our Whacky Races challenge, where our team were sponsored to take a baton from office to office over a two-day period using unconventional modes of transport. These included a narrow boat, penny farthing, milk float and tandem bicycle. The MP at the time, George Osborne, even joined us for the final sprint across the finish line. This was part of an amazing effort which raised over £22,000 for David Lewis, a charity providing support for people with learning disabilities, epilepsy, and autism and a host of local smaller charities.

For our 25th Anniversary, we were delighted to donate £25,000 to 26 amazing grass roots charities and organisations.

Most recently, we made a donation of £5,000 to East Cheshire Hospice in recognition of the challenges they have been facing in the wake of the pandemic.

Over the years, we've been involved in many different types of fundraising. We've baked cakes, run for miles, decorated our offices and collected toys (1,500 of them!). As a result, we've made donations to a wide range of organisations, totalling nearly £100,000. As an intrinsic part of the local community, we will continue to find new ways of supporting local charities in the future.
