# Think differently and the result is something spectacular.

We know that a house doesn't make a home. A home requires love, care and that little bit of magic that you can sometimes see, and always feel.

That's why we don't just build houses for our customers, we give them places they'll be proud to call home. Why? Because we're as house proud as you are.

We design homes that delight and surprise both inside and out. Spaces equipped for modern lifestyles; comfortable, easy to live in, and considerate of life's practical demands. But we look beyond the home too, and consider the whole environment, creating natural landscapes and wonderful surroundings that you'll savour coming home to every day.

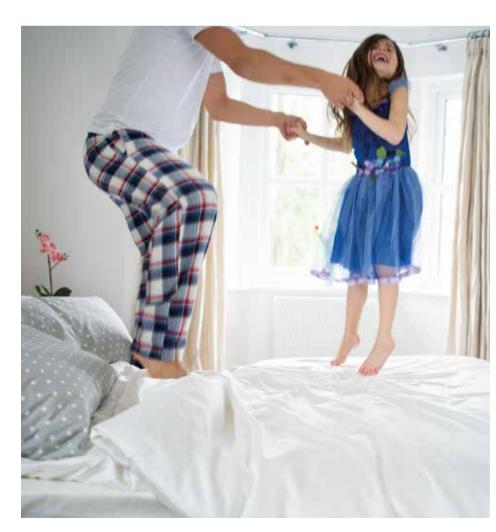

We create places where people love to spend time – quality homes that are characterful, individual and "just feel right".

"The attention to detail on the outside and the layout of the house inside is by far the best that we have seen."

- Jenny, Oakwood View

"The streets are so very spacious and are full of attractive features such as lovely blocked paving."

- Simon, Crompton Place

# From the architect.

Designing for Morris is both exciting and challenging. We really encourage each other to think differently, to be varied and unique with our designs.

At Shepherds Fold we've ensured that our homes remain interesting, diverse and part of a community to emulate the more historic details of the surrounding area.

Whilst the red and buff coloured bricks compliment the surrounding properties, crafted detailing such as brick eaves, stone heads and cills give this development a sophisticated feel. In landscaping we have ensured as many trees as possible were retained and we've even introduced a few of our own.

Inside, the variety continues.
Some homes have been
designed to feature beautiful
vaulted ceilings, which give a
light and airy feel to a room as
well as that elusive wow factor
every customer desires.

With all Morris homes every single square metre of space has been considered so we make the best use of it.

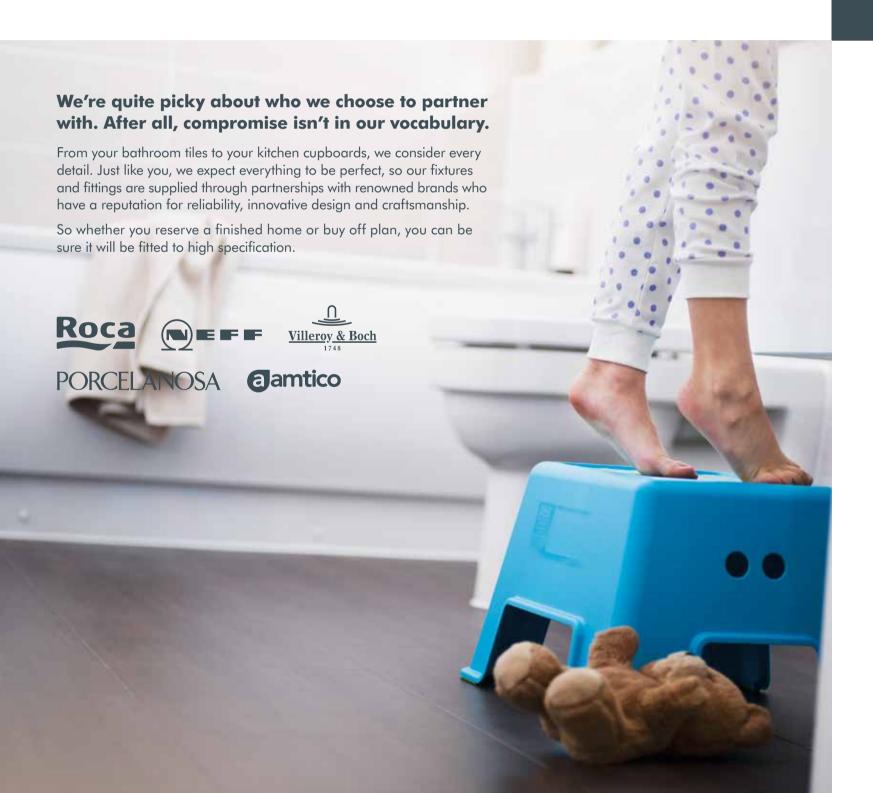

# Expect more as standard.

# Expect to make it your own.

"The individuality of each property, the feature window in our master bedroom, the high ceilings, the spacious kitchen/diner; they are all reasons why we think Morris is a top rated builder."

"We were impressed by the whole process of buying our house and we particularly enjoyed the choices we were offered on tiles and fittings."

# Your home is a reflection of your style.

So of course you'll want a say in how it looks. At Morris, we give our customers the chance to personalise their homes from work surfaces in the kitchen to tiling in the bathroom.

You can also add extra touches to your home for even more style and individuality. Granite in your kitchen, plush carpets in your bedroom, beautiful fireplaces in your living room – they all help you make your home uniquely yours.

The buying process at a glance.

Speaking to an Independent Financial Advisor before you buy your new home can be really useful. If you haven't spoken to one already our Sales Advisors can put you in touch. They can advise you on the amount you can borrow and tell you more about the government's buying scheme, Help to Buy.

The process is quite straightforward. First, you must have either sold your current home (subject to contract), opted for our Part Exchange or Smart Move scheme or, if you're a first time buyer, have a mortgage in principle. A small reservation fee will be required and then you'll have 28 days before you need to pay a deposit (between 5-10%).

Now's the time to personalise your home. Your Sales Advisor will run through the options available to you like kitchen worktops and cupboards and bathroom fixtures and fittings. Every Morris home comes with high specification appliances and fittings from partner brands such as Villeroy & Boch and Neff, but you can upgrade further with additional extras.<sup>1</sup>

This is it, all that dreaming has led you to this exciting moment. Put pen to paper and your new Morris home is yours! All the paperwork will be with your solicitor; just arrange a time to sign.

When you collect the keys to your new home it all feels very real and so incredibly exciting! Your keys will be waiting for you in the Marketing Suite on the day you complete.

The big day! A day of utter excitement mixed with (we won't lie) a lot of physical work. It's true that moving all of your belongings into your new home can be tiring. But once you're in, you can unpack at your leisure and it's the start of an exciting future in your new Morris home.

# Here to support you

## **Sales Advisor**

Your house buying 'best friend', our Sales Advisors, are here to answer your questions. They can give you information on our house types, our site and the local area. They will talk you through the process of buying a new Morris home, what's included and all the choices you will have. They will liaise with your solicitor and Independent Financial Advisor if you use one.

## Site Manager

The Site Manager is our resident perfectionist. They look after the build of the development from start to finish, and it's their responsibility to ensure exceptional quality. They regularly inspect the work carried out by trades alongside the Building Inspector (NHBC). They will give you a full home demonstration prior to completion and when the house is handed over to you they will become your main point of contact for the following 7 days as you settle in.

## **Company Directors**

Our Company Directors provide a supporting role to the rest of the team throughout the life of the development. They don't just sit in boardrooms, they get their boots dirty – literally. They uphold the very highest standards so when every new home is finished, they make a personal visit to make sure it's perfect.

# **Customer Care Team**

With Morris, our relationship doesn't end the moment you move in. Our Customer Care Team is always there if you have any questions about your new home. They will be your point of contact for the next two years and will arrange any work that needs to be carried out.

# Why buy NEW?

# Here are just a few reasons why buying new could be right for you:

# Insulated loft / walls

Is it possible to have an obsession with insulation? We know that a properly insulated house protects the environment and keeps your household bills nice and low. Walls, floors and lofts are either fully or thermally insulated, so your new Morris home stays cosy and warm, whatever the weather.

# **Reduce water** usage by 30%\*

Serious about saving water? We are too. It's refreshing to know that all sanitaryware (that's your toilets and basins), as well as taps and showers are chosen because they're particularly good at reducing water usage. And that means smaller water bills.

# **Less time** renovating more time living

Drill bits, spirit levels, paintbrushes etc. you can forget all those for a good long while when you move into a Morris home. All that doing it yourself has been done by someone else – and that someone else happened to be highly skilled Morris builders.

# Less stressful move & peace of mind

Most of our new home owners tell us moving into a new build is a lot less hassle than moving into an older place. For a start, you're the first to own it, so you're not waiting for anyone to move out. Everything is brand spanking new, so there are definitely no skeletons in the closet.

# **NHBC Warranty**

Every Morris home is covered by NHBC Buildmark warranty. This means that you're protected for ten years after legal completion.

# efficient homes

When you buy a new Morris home, you'll be moving into a home that comes complete with the very latest energyefficient systems and environmental standards. Sounds very fancy, but all you need to know is you could save on your energy bills, compared to let's say an older semi-detached house.
